# If You Need Stainless, You Need Atlantic

## MILLIONS OF POUNDS IN STOCK!

Located in North Attleboro near the junction of Routes 95 and 495 in the beautiful No. Attleboro Industrial Park, Atlantic Stainless is perfectly situated to get you your material quickly. Our automatic band saws cut up to 16 inch diameter. Our plate shear can handle up to 3/8" thick plate, and can shear up to 12 foot long. Our plasma burner can handle stainless plate all the way up to three inches thick. Completely computerized, we can cut your drawings from your prints with ease.

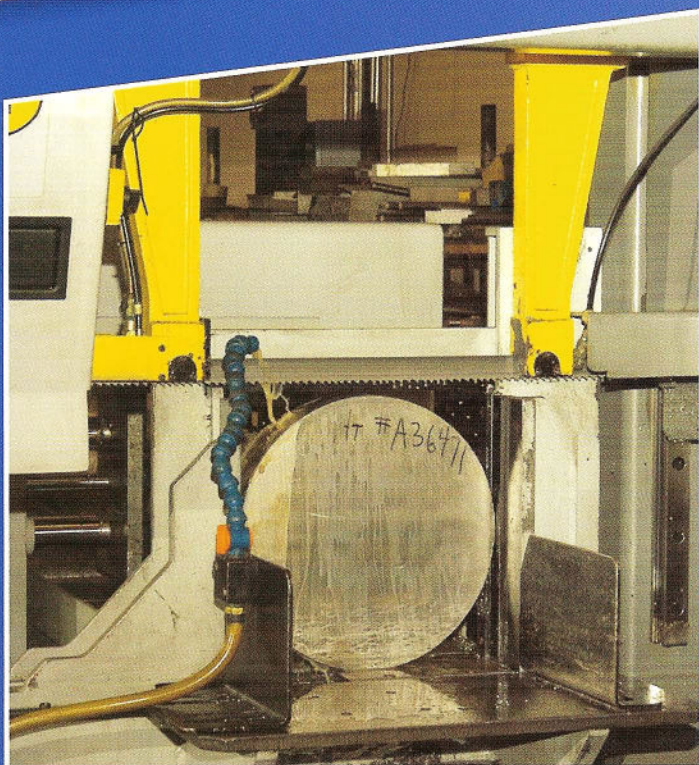

## WHY CHOOSE ATLANTIC STAINLESS?

Perhaps our biggest strength is our expert sales staff, with nearly 200 years of combined experience. All our stainless experts stand ready to answer any questions you may have, and they will always go out of their way for you. Need to find that difficult to locate item? Call us and let Atlantic do the legwork for you. We believe it is our job to work for you – and we won't stop until we've solved your problem.

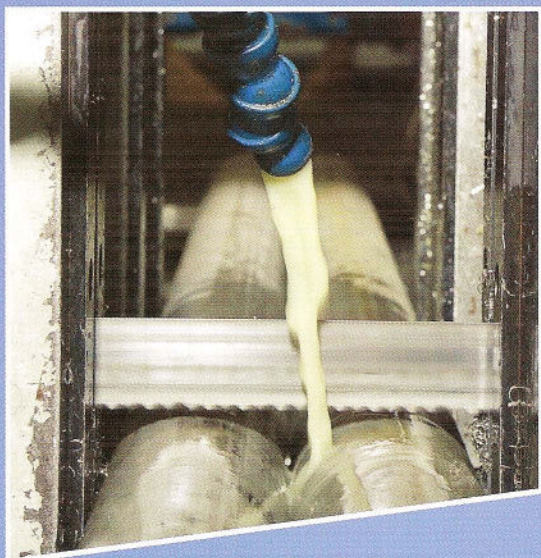

## WE'RE READY TO HANDLE YOUR REQUIREMENTS

Around the globe or around the corner, Atlantic can ship your metal quickly. Military specifications, high temperature alloys, close tolerances, special fabrications – all those are no problem for Atlantic. We truly are the "one-stop" stainless steel service center.
